

Activity 4

Draw a flowchart and write its pseudocode that adds/multiplies two numbers given by the user.

START PROGRAM: The best program in the world

DECLARE

x1, x2, mul, sum, ans, ans2

PRINT "Give two numbers"

GET x1 and x2

PRINT Do you want to add?

IF ans == "Yes" then

sum = x1 + x2

print sum

ELSE

PRINT "Do you want to multiply?"

IF ans2 == "Yes" THEN

mul = x1 * x2

print mul

ELSE

PRINT "Goodbye"

END PROGRAM
